SPONSOR AN AFRICAN SCHOLAR

AMINA

Amina is currently in form 2 and a full time border in High school. She will be finishing her high school level in 2024. Amina is a very hardworking young girl.

FAMILY BACKGROUND

Amina is the 4th born in a family of 5 children. She stays with both parents, who are the providers of the family. Her father is a casual labourer at a construction site, and her mother sells vegetables in the Kongowea market. In a good month, both parents can obtain 50 euro from their works, and this is not enough to cater for all needs in the family and at the same time pay school fees for the children. Her elder sibling didn't manage to continue with school due to lack of school, forcing him to drop out of school.

Amina has been stranded and lost hope of continuing with her studies due to fees problem. But thanks to your help, she will be in school without any fee challenges.

They live in Banglas slums in a single house that has walls made of polythene paper bags, it does not have electricity nor running water
