SPONSOR AN AFRICAN SCHOLAR

DAVID

David is a full-time border and currently in form 2. He finished primary school in 2019. He will finish secondary school in 2024. David is a very hardworking young boy, and this is shown in his previous performance.

FAMILY BACKGROUND

David is the last born in a family of four children. He lives with both parents. His mother is the breadwinner of the family and sells vegetables in a local market here in Kongowea to earn a living.

On the other hand, his father has no job, and he has tried looking for one but in vain.

Every month, David's mother earns approximately £50. The gain is small, so she finds it challenging to cater to the family's basic needs, paying house rent and school fees for his children.

David is unsure about being in school fully because his parents cannot pay for his fees. He is pleading for help so that he can be in school and later pursue his career dream.

They stay around Kongowea Area in a single room which has electricity but no running water.

EDUCATIONAL BACKGROUND

David is hardworking, and his favorite subjects are Maths, English and Science. He enjoys playing football in his free time, and his future ambition is to become a Directorate of Criminal Investigation.
