

SAAS

SPONSOR AN AFRICAN SCHOLAR

IDAH

Idah is 19 years of age. She is currently in form 3 in a boarding school. Iddah is a hardworking young lady whose future ambition is to become a lawyer.

FAMILY BACKGROUND

Idah is strictly an orphaned young girl from a family of 2 girls. Her elder sister opted to get married to reduce the hardship of life. Both Idah and the sister were living with their aunt who used to be their guardian after their parents passed on many years back.

Idah was happy to have joined High school with the help of her aunt. Education has been her dream for a long time. Her dreams came to stand still when her aunt/Guardian passed on too due to cervical cancer. Idah was stranded as she didn't have anyone to turn to. She thanked her teachers a lot who gave her a lot of counselling in addition to accommodating her in school without the promise of paying fees soon.

Some of her relatives tried very hard to raise funds to keep her in school but it was a challenge for them. This is because they have their own families to attend to.

Idah was happy when she heard the SAAS organization has found her a sponsor who will support her education. She promised to work extra hard so she fulfills her dream in addition to giving herself a good life.

EDUCATIONAL BACKGROUND

Idah enjoys language and science. During her free time, she enjoys playing ball games.
