LEWIS

Lewis is 15 years of age. He is currently in form one and has a full-time border. Lewis is a hardworking young man whose future ambition is to become an aircraft engineer.

FAMILY BACKGROUND

Lewis comes from a family of 3 children that are made up of 2 boys and 1 girl. His dad got laid off from work recently because he was involved in a road accident. He used to work at the Kenya port authority. Currently, the family struggles hard to make ends meet. His mum works as a casual labourer. She makes little money that is spent all on paying rent and setting food on the table.

The family stays in a single-room house that has electricity but no water.

Lewis was lucky to have joined high school with the help of the wellwishers.

Currently, he is having school fees issues. He is hoping that one day someone will help.

We feel that if Lewis is given a chance, he can do very good hence meeting his dream of saving his family from the poverty that they are in.

EDUCATIONAL BACKGROUND

Lewis enjoys studying sciences and mathematics. During his free time, he likes to draw. According to him, drawing relaxes his mind after a long day in class.
