

SAAS

SPONSOR AN AFRICAN SCHOLAR

HELTON

Helton is 15 years of age. He is in form 2 and a full-time border at Oriwo Boys High school. He will finish his secondary education in November 2024. Helton is an ambitious young man whose e wishes is to become a lawyer.

FAMILY BACKGROUND

Helton lives with both of his parents. His mother is the one working. His dad was laid off from work since covid came. His mum works casually as a cleaner to the neighbours. What she earns is spent all on setting food on the table. Most of the time they get kicked out of their house due to rent issues.

Helton is happy that he recently got one-term support from SAAS. He still has a long way to go, that's why he is hoping that he can still get a bursary from SAAS or even secure a donor who will help him to be in school fully.

Helton and his family stay in a single room which has electricity and no electricity.

EDUCATIONAL BACKGROUND

He enjoys studying History and agriculture. He still struggles with mathematics and physics. During his free time, he enjoys playing football.
