

SAAS

SPONSOR AN AFRICAN SCHOLAR

SELINE AKINYI

Seline was born in September 2002. She is currently in form 4 at Rose Makwere Girls Secondary School. She will be completing her secondary level in April 2022.

FAMILY BACKGROUND

Seline is the firstborn in a family of 3 children, all of them are girls. They all live with both parents who are the breadwinner of the family. Her mother works as a maid while her dad is a casual laborer in a construction site. Being that her father's work is not permanent, sometimes he ends up with no job and he is left with no choice but to stay at home. At this point, they all depend on their mother in all household expenses. In a good month, her mother gets 40euro which is not enough to cater to all the needs in the family. This money is divided into paying rent, buy food, pay school fees and cater for other bills too.

Seline managed to join secondary school through the help of some good wisher who saw the hardship that the family was facing and so they decided to help them. Later when their support ended this is where you came in to support her education. Thanks to you, Care Committee she is in school without the fear of being sent home due to lack of school fees.

This family lives in a humble home and they all stay around Kongowea slums near Maweni primary school. They live in a rented single room which has electricity but running water.

EDUCATIONAL BACKGROUND

She is an average student. She likes studying English, Biology, and Geography. In her free time, she enjoys doing poetry, singing, and playing football. Her future ambition is to become a Nurse.

EMPOWERMENT THROUGH EDUCATION
