

SAAS

SPONSOR AN AFRICAN SCHOLAR

IDDAH

Iddah is 19 years of age. She is currently in form two in a boarding school. Iddah is a hardworking young lady whose future ambition is to become a lawyer.

FAMILY BACKGROUND

Iddah is strictly an orphaned young girl from a family of 2 girls. Her elder sister opted to get married to reduce the hardship of life. Both Iddah and the sister were living with their aunt who used to be their guardian after their parents passed on many years back.

Iddah was happy to have joined High school through the help of her aunty. Education has been her dream for a long time. Her dreams came to stand still when her aunty/Guardian passed on too due to cervical cancer. Iddah was stranded as she didn't have anyone to turn to. She thanked her teachers a lot who gave her a lot of counselling in addition to accommodating her in school without the promise of paying fees soon.

Some of her relatives tried very hard to raise funds to keep her in school but it was a challenge to them. This is because they have their own families to attend to.

Iddah was happy when she heard the SAAS organization has found her a sponsor who will support her education. She promised to work extra hard so as she fulfills her dream in addition to give herself a good life.

EDUCATIONAL BACKGROUND

Iddah enjoys language and science. During her free time, she enjoys playing ball games.
