SPONSOR AN AFRICAN SCHOLAR

## **OMAR**

Omar is in form 2. He will be completing his secondary school education in the year 2024.

## **FAMILY BACKGROUND**

Omar is the 2nd born in his family. The family consists of 2 girls and 1 boy. Omar and his sibling stay with both of their parents. His dad is a casual labourer at Kongowea market, while his mother is a housewife. The little amount he gets from the job is spent on rent and providing food for the family. His income is insufficient to keep Omar in school fully.

Omar is afraid of not being able to continue with his studies due to financial instability. Joining secondary school was difficult for him. It was only the well-wishers who made it possible for him to join.

He is pleading for someone to come to his aid so that he can pursue his dream of becoming an Electric Engineer.

They live in Kongowea in a single-room house with electricity but no running water.

## **EDUCATION BACKGROUND**

Omar is very hardworking. His favourite subjects are Physics and religious studies. During his free time, he likes playing football.
