

SAAS

SPONSOR AN AFRICAN SCHOLAR

SILA

Sila is 21 years of age. Thanks to SAAS, Sila was able to attend high school. He is currently studying bachelor in education and a 3rd year student in Kirinyaga university.

FAMILY BACKGROUND

Sila is the first born in a family of three siblings. He live with his mother and his step father who is an alcoholic. His step dad is an irresponsible person towards the family.

Sila's mum is the sole provider in her family, she does so by doing odd jobs like doing laundry to the neighbors. On a weekly basis, Silas mum manage to get a minim of 2euro which she spend on buying food for her family and also saving some in order to pay her rent.

Sila and his family appreciate SAAS organization for their support towards his education. His mum said if it were not for SAAS, Sila would have remained with only primary education which is free and mandatory in Kenya.

Sila feels that, the donor from SAAS gave him opportunity to find himself and help himself in education. This will help him secure a good job hence saving his mother form the hardship which he is in,

They all live in single room that has neither electricity nor running water and the house is situated in a slum area called Kongowea.

EDUCATIONAL PROGRESS

Sila likes athletics and he enjoys studying mathematics, social studies, and biology. He would one day wish to become a teacher.
