

SAAS

SPONSOR AN AFRICAN SCHOLAR

PRILLY

Prilly is 14 years of age and the last born in a family of 3 children: two girls and a boy. Prilly did her primary national exams in 2022 and scored 269 marks. She hopes to be a nurse after completing her secondary education.

Prilly and her siblings stay with the grandmother in a single-room house in the Kaa Chonjo area with neither power nor water.

Her parents separated many years back, and the father could not support them due to his alcoholism problem and had to relocate to the upcountry because no one could give him a job due to his alcohol addiction.

Her mother, on the other hand, is nowhere to be found. The moment she took the kids to her mother's home, she left as if she was going to look for a job and never returned. She stopped communications with her family, though according to her friends, she is within Mombasa. She has dramatically burdened her mother, who is always sick and cannot do heavy jobs. She only does laundry for people to earn a living.

Her fear is that her grandchildren will not secure a chance to go to secondary school due to financial instability. Two of her grandchildren have done KCPE, but there is no hope of them joining form one. Prilly promises to work extra hard if granted a chance in the SAAS sponsorship programme. She is a promising young girl and prays someone will hear her plea.

In her free time, she enjoys drawing, and her favourite subjects are English, Maths and science.

EMPOWERMENT THROUGH EDUCATION
