

SAAS

SPONSOR AN AFRICAN SCHOLAR

PRILLY MOLLY

Prilly is 17 years old.

She is currently in form 3 and dreams of becoming a Nurse one day.

Prilly is the last born in a family of three children: two girls and a boy. They stay with their grandmother in a single room without power or running water.

Her parents separated years ago after their father developed an alcohol use disorder. After the separation, their mother also abandoned them, forcing their grandmother to take them in.

Prilly's grandmother does manual jobs like doing laundry for neighbours to earn a living. They constantly go to bed hungry and have been thrown out of the house several times for delayed rent.

Things have become worse for Prilly and her siblings as their grandmother is now sickly and is unable to work as often to put food on the table.

Prilly hopes to get help continuing her education and promises to work hard if granted the opportunity.

Her favourite subjects are English, Mathematics and Science. During her free time, she enjoys drawing.
